DESCRIPTION/OBJECTIVE

The North Carolina International Index Fund (the "Fund") is offered exclusively for participants in the NC 401(k) and NC 457 Plans. Effective 01/01/2016, the Fund is held in a group trust and you own units of the group trust. The Fund invests in the BlackRock MSCI ACWI ex-U.S. Index Non-Lendable Fund collective investment trust ("C.I.T.") managed by BlackRock which, attempts to replicate the composition and performance of the BlackRock MSCI ACWI ex-US Index. The Fund will invest primarily in a portfolio of international equity securities. The primary criterion for the selection of investments in each country is the relative market capitalization weight of the constituent markets in the MSCI ACWI ex USA Net Dividend Return Index.

The Fund seeks to provide long-term growth of capital.

There is no assurance the objective of the Fund or its underlying C.I.T. will be met.

The inception date noted for the Fund in Key Facts is the inception date for the insurance company separate account.

International (Foreign) investing presents certain unique risks not associated with domestic investments, such as currency fluctuation and political and economic changes. This may result in greater share price volatility.

Performance Calculations/Fund Fees Reflected In Performance. As noted above, effective 1/1/2016 your Plan began investing in units of a group trust. All performance results after 1/1/2016 reflect the performance of the C.I.T. within the group trust, including the deduction of an investment management fee of 0.02% and an operating fee of approximately 0.06% (inclusive of an administrative fee of 0.025, trust expenses, and custodial fees). The plan charges a separate \$31 annual recordkeeping and communications fee that is not reflected in performance. Due to rounding, the total estimated expense may appear over/underestimated even though it is not.

Prior to 1/1/2016, your Plan invested in units of an insurance company separate account established on 3/6/2009. The North Carolina International Index Fund was offered as an investment option under a group variable annuity contract issued by Prudential Retirement Insurance and Annuity Company, Hartford, CT ("PRIAC") which invested in the same C.I.T. as the Fund with the same investment manager(s) and the same investment strategy as the Fund. The PRIAC group annuity terminated on or about January 1, 2016. All performance results prior to 1/1/2016 reflect the performance of the insurance company separate account including the deduction of an investment management fee of 0.03% and an operating fee of 0.16% (inclusive of an administrative fee of 0.025%, recordkeeping fee of 0.079% and custodial fees).
