### DESCRIPTION/OBJECTIVE

The SFDCP Small-Mid Cap Equity Index Fund (the "Fund") invests exclusively in the Northern Trust Extended Equity Market Index Fund - NL Tier 4 (the "Collective Trust or C.I.T."). The primary objective of the C.I.T. is to approximate the risk and return characteristics of the Dow Jones U.S. Completion Total Stock Market Index. This Index is commonly used to represent the small and mid cap segments of the U.S. equity market. To achieve its objective, the C.I.T. employs a replication technique which generally seeks to hold each index constituent in its proportional index weight. The C.I.T. may make limited use of futures and/or options for the purpose of maintaining equity exposure. This C.I.T. may not participate in securities lending. There is no assurance the objectives will be met.

The Key Facts section reflects data pertaining to the Collective Investment Trust Fund except for the Inception Date and Net Assets. The inception date for this Fund is based on a first price date made available to Prudential.

The City and County of San Francisco Retirement Board is solely responsible for: (1) the selection of the Fund and its underlying funds (including the selection of the asset allocation percentages for each underlying fund); (2) decisions to allocate plan assets to the Fund; and (3) the selection, monitoring and replacement of the Fund and its underlying funds, and if applicable, the Fund investment advisor(s).

There is no assurance the objectives will be met.

*Small and mid sized companies may present greater opportunities for capital appreciation, but may also involve greater risks than larger companies. As a result, the value of stocks issued by these companies may fluctuate more than stocks of larger issuers.*

**Fund Structure.** Your retirement plan makes available certain plan investments structured as "Fund of funds" (investments that invest in one or more underlying funds). These investments are neither mutual funds nor separate accounts offered by Prudential Retirement Insurance and Annuity Company ("PRIAC"). Rather, PRIAC acts solely as a record keeper in providing administrative and valuation services in connection with these plan investments. Management of these plan investments is the sole responsibility of your plan sponsor and/or a third party whom the plan sponsor has hired to provide investment management services.

**Performance Risks.** Before investing, investors should carefully consider the investment objectives, risks, charges and expenses of this Fund and other plan investment options. The performance quoted represents past performance. The investment value and return will fluctuate so that an investment, when redeemed, may be worth more or less than original cost. Past performance does not guarantee future results. Current performance may be lower or higher than the performance data quoted. For performance data current to the most recent month end, please call 1-888-SFDCP-4U (1-888-733-2748) or go to [www.sfdcp.org](http://www.sfdcp.org). It is possible to lose money investing in securities. While past performance is never an indication of future results, short periods of performance may be particularly unrepresentative of long-term performance.

**Miscellaneous.** Frequent exchanging of investment options may harm long-term investors. Your plan and/or the Fund may have policies to detect and deter potentially abusive exchanges. The policies may require us to modify or terminate investment exchange privileges. Benchmarks are unmanaged and cannot be invested in directly. See User Guide for benchmark definitions and refer to the section entitled "Separate Account or Custom Plan Investment Options" for a description of PRIAC's role related to the type of fund described in this Fact Sheet.
