Net Assets Balance data presented is the most current data available as of the end of the quarter. The data is deemed reliable, but the accuracy cannot be guaranteed. All balances are unaudited.

Net Expense Ratio for a fund includes the investment management fee and, if applicable, the trust fund expenses, the custodial fee, and the administrative fee.

Custodial and trust expenses are estimated. The actual Net Expense Ratio may vary due to actual versus estimated custodial and trust expenses, as well as rounding.

For additional information on expenses, see the North Carolina Supplemental Retirement Plans Fee Statement (available at www.myNCRetirement.com).

North Carolina Supplemental Retirement Board of Trustees is solely responsible for:

- (1) the selection of the Fund and its Underlying Funds (including the selection of the asset allocation percentages for each underlying fund);
- (2) decisions to offer Fund in the Plan; and
- (3) the selection, monitoring and replacement of the Fund and its Underlying Funds, and if applicable, the Fund's investment advisor(s).

Investments in large cap funds are subject to market fluctuations and may lose value. The investment risks associated with these funds may be impacted by a variety of factors, including investment style, objective, holdings, and focus in particular industries. On average, investments in large cap funds may be considered more conservative than investments in small and mid-cap funds, potentially posing less overall volatility in exchange for less aggressive growth potential.

Performance Calculations/Fund Fees Reflected In Performance. All performance results include the deduction of the Net Expense Ratio, which currently includes an investment management fee of 0.01% and an operating fee of 0.02% (inclusive of an administrative fee of 0.025%, trust expenses and custodial fees). Expenses are estimated and rounded, and actual expenses may vary. Performance results also are net of trading costs incurred by the investment manager. Each plan charges a separate \$28 annual recordkeeping and communications fee per account that is not reflected in performance.

Prior to 1/1/2016, your Plan invested in units of an insurance company separate account established on 3/6/2009. The North Carolina Large Cap Index Fund was offered as an investment option under a group variable annuity contract issued by Prudential Retirement Insurance and Annuity Company, Hartford, CT ("PRIAC") which invested in the same C.I.T. as the Fund with the same investment manager(s) as of 01/01/2016 and the same investment strategy as the Fund. The PRIAC group annuity terminated on or about 1/1/2016. All performance results prior to 1/1/2016 reflect the performance of the insurance company separate account including the deduction of an investment management fee of 0.01% and an operating fee of 0.16% (inclusive of an administrative fee of 0.025%, recordkeeping fee of 0.079% and custodial fees).

Performance Risks. Before investing, investors should carefully consider the investment objectives, risks, charges and expenses of this Fund and other plan investment options. The performance quoted represents past performance. The investment value and return will fluctuate so that an investment, when redeemed, may be worth more or less than original cost. Past performance does not guarantee future results. Current performance may be lower or higher than the performance data quoted. For performance data current to the most recent month end, please call 1-866-NC-PLANS (1-866-627-5267). It is possible to lose money investing in securities. Past performance is not indicative of future performance and short periods of performance may be particularly unrepresentative of long-term performance.

Miscellaneous. Frequent exchanging of investment options by participant may harm long-term investors. Your plan and/or the Fund may have policies to detect and deter potentially abusive exchanges. The policies may require us to modify or terminate investment exchange privileges. Indices are unmanaged and cannot be invested in directly. See User Guide for Index definitions.
