INVESTOR PROFILE

- Investors seeking income and safety of principal
- Investors seeking a fixed income investment to balance the risks of a diversified portfolio

Other/Risk

Generally, Participants may not directly transfer amounts from the Prudential Stable Value Fund to a competing fund. A transfer out of this investment must be directed to and remain in a noncompeting fund for a period of 90 days before it can be invested in a competing fund. Competing funds are generally short-term fixed income investments, money market funds or stable value investments that may be available in the Plan. However, the transfer provisions and competing fund definitions may differ depending on the provisions of the group annuity contract.

Participants should also know that certain Employer Initiated Events, as defined in your Plan's group annuity contract, that cause large movements of money to leave the group annuity contract as a whole may trigger contract provisions that will result in individual participant account value reductions.

Additionally, when your Plan's group annuity contract terminates, payments from the Prudential Stable Value Fund may be delayed or reduced depending on the terms of the group annuity contract (which may result in a delay in payments by the Plan or a reduction in participant account value). The Customer Service Center can answer questions regarding these provisions applicable to a Plan.

¹ The Stable Value Fund is a combination of a group annuity contract issued by **The Prudential Insurance Company of America (PICA)**, Newark, NJ 07102 and an investment in the Prudential Core Intermediate Bond Fund of Prudential Trust Company's Collective Trust (the "Fund") as described below. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the plan's investment in the Fund and, if such investment is not sufficient, by the full faith and credit of PICA. The obligations of PICA and the plan's investment in the Fund are not insured by the FDIC or any other federal governmental agency. The interest rate credited on contract balances is reset pursuant to a formula contained in the group annuity contract. Past interest rates are not indicative of future rates. This product is not a mutual fund. Contract form # GPA-200-WRAP-2004 or state variation thereof.

Prudential Retirement[®] is compensated in connection with this product by collecting a fee which provides payment for risk, recordkeeping, and distribution services from the plan's investment in the Fund. We may also collect fees on behalf of Prudential Trust Company. Prudential Retirement may use a portion of its aggregate compensation to satisfy the plan's request for allowances and for payments to defray plan expenses or to compensate unaffiliated third party plan service providers. If Prudential Retirement's aggregate compensation from this product and from other plan investment products exceeds the costs of servicing your plan, Prudential Retirement earns a profit; otherwise we incur a loss.

Frequent exchanging between plan investment options may harm long-term investors. Your plan or the plan's investment funds may have provisions to deter exchanges that may be abusive. These policies may require us to modify, restrict or suspend purchase or exchange privileges and/or impose redemption fees.
