**DESCRIPTION/OBJECTIVE**

The investment seeks long-term growth of capital. The fund invests primarily in domestic and foreign growth companies that the managers believe are innovators in their respective sectors or industries. It will typically be invested in at least three developed countries, including the U.S. The fund may invest in securities issued by companies domiciled in emerging and frontier markets without limitation. It may invest a large percentage of its assets in a few sectors, including consumer discretionary, consumer staples, energy, financials, health care, industrials, information technology, materials, real estate, telecommunication services, and utilities.

There is no assurance the objectives will be met.
